A 10% premium refund and extended amortization period without surcharge may be available when CMHC Mortgage Loan Insurance is used to finance an Energy-Efficient Homes.

For portability and refinance, the premium is the lesser of Premium on Increase to Loan Amount or the Premium on Total Loan Amount. In the case of portability, a premium credit may be available under certain conditions.

* Premiums shown with an "*" do not apply for refinance. The maximum LTV for refinance is 85%. For portability the maximum LTV ratio is 90%, but CMHC may consider higher LTV ratios when the new ratio is equal to or less than the original LTV. For portability, the premium is higher for non-traditional down payments on Increase to Loan Amount.

** For conversion from Self-Employed with traditional 3rd party income validation to Self Employed without traditional 3rd party income validation, the premium is the lesser of: a) the Premium on Total Loan Amount or; b) the outstanding balance multiplied by a 1.5% premium plus the Premium on Increase to Loan Amount.
